

# DANCE STUDIES, M.A.

---

The M.A. in Dance Studies is a 36 semester-credit hour program designed for working professionals that consists of online coursework mixed with brief summer residencies. Accelerated coursework can lead to degree completion in six semesters, including two summers of study. Students do not need to possess an undergraduate degree in dance, but they must demonstrate substantial educational and/or professional experience to avoid completing additional coursework outside of the requirements for the M.A.

The Master of Arts in Dance Studies provides a broad-based curriculum that prepares students for future graduate study and creative and academic leadership in the profession. Coursework enables students to enhance and extend their pedagogical and artistic practice while simultaneously developing comprehensive knowledge of the discipline. By prioritizing the intersections of theory and practice throughout the program of study, students develop an educational foundation that aligns with general, and focused, artistic, scholarly, and/or pedagogical goals relevant to a variety of specializations within the field.
