# CYBERSECURITY MANAGEMENT, CERTIFICATE

## Admissions Requirements

Candidates who possess the following credentials may generally consider themselves competitive for admission to the Graduate Certificate in Cybersecurity Management.

- A bachelor's degree from an accredited college or university with a GPA of at least 3.0 on a 4.0 scale for all coursework completed beyond high school.
- A basic understanding of business concepts and probability and statistics.
- A professional background in business or information security/ technology is beneficial but not required.
- For international applicants, a TOEFL score of 95 or higher, or an IELTS score of 7.0 or higher.

Each application is evaluated by the admissions committee, which makes an official recommendation to the Graduate School. The Graduate School makes the final decision and notifies the applicant of the decision.
