

HEALTH INFORMATION TECHNOLOGY/ PHARMACY, M.H.I.T. / PHARM.D.

The College of Pharmacy and College of Engineering and Computing offer the M.H.I.T./Pharm.D. combination degree. Pharm.D. students have to take 8 hours of electives. The College of Pharmacy will count 8 hours from any combination of core or elective M.H.I.T. courses as Pharm.D. elective credit for students earning the combination degree. The following shows the M.H.I.T. program with the Pharm.D. courses that count toward that program.

Course	Title	Credits
ITEC 747	Management of Health Information Systems	3
ITEC 752	Systems Analysis & Design for Health Applications	3
ITEC 764	Project Management for Health Information	3
ITEC 770	Health IT Database Systems	3
HSPM 700	Approaches and Concepts for Health Administration	3
or PUBH 700	Perspectives in Public Health
