

# HEALTHCARE LEADERSHIP, M.S.N.

---

The program's curriculum is designed to prepare professional nurses to enter leadership roles and work within interdisciplinary teams to improve system and population health services in a variety of health care settings.

Graduates of the program may be eligible to sit for certification examination as a nurse manager or nurse executive.

## Learning Outcomes

1. Apply theoretical knowledge to the practice of leadership in healthcare settings.
2. Utilize evidence to address nursing and healthcare workforce issues.
3. Demonstrate professionalism as a nurse leader in a healthcare organization.
4. Pursue quality, effectiveness, and innovation in shared leadership of interprofessional health teams.
