

HEALTHCARE LEADERSHIP, M.S.N.

The program's curriculum is designed to prepare professional nurses to enter leadership roles and work within interdisciplinary teams to improve system and population health services in a variety of health care settings.

Graduates of the program may be eligible to sit for certification examination as a nurse manager or nurse executive.

Learning Outcomes

1. Apply theoretical knowledge to the practice of leadership in healthcare settings.
2. Utilize evidence to address nursing and healthcare workforce issues.
3. Demonstrate professionalism as a nurse leader in a healthcare organization.
4. Pursue quality, effectiveness, and innovation in shared leadership of interprofessional health teams.
