

NURSING EDUCATION, M.S.N.

Overview

The program's curriculum is designed to prepare professional nurses to enter educational roles and work within both colleges and universities as well as hospital systems. Graduates of the program may be eligible to sit for the nurse educator certification examination.

Learning Outcomes

1. Apply theoretical knowledge to the practice of advanced nursing roles.
2. Utilize evidence to address population health problems.
3. Demonstrate professionalism as a nurse educator in the academic and clinical setting.
4. Pursue quality, effectiveness, and innovation in shared leadership of interprofessional education teams.
