

HEALTH SERVICES POLICY AND MANAGEMENT / LAW, M.H.A. / J.D.

Degree Requirements M.H.A. (58 Hours) / J.D. (90 Hours)

The Department of Health Services Policy and Management and the Joseph F. Rice School of Law offer a coordinated program that leads to a dual degree. Some courses do fulfill requirements for both portions of the dual degree. A dual degree program thus typically requires fewer semester hours in total than if the two programs were taken separately.
