

DOCTOR OF PHARMACY ELECTIVE COURSE OPTIONS

Doctor of Pharmacy students must complete 8 total hours of approved elective course credit by the end of the third professional year and prior to matriculation to Advanced Pharmacy Practice Experiences. In addition to elective PHMY courses which have been developed and are offered by College of Pharmacy faculty, Professional Master of Business Administration and Master of Health Information Technology courses completed through the Moore School of Business or College of Engineering & Computing can be counted for Doctor of Pharmacy elective credit as well. Additionally, the following select undergraduate courses can count towards Doctor of Pharmacy elective credit to a maximum of 3 credit hours as long as the course has not been counted toward a prior degree:

Course	Title	Credits
ACCT 222 or RETL 261	Survey of Accounting (*) Principles of Accounting I	3
