Total Credit Hours 9-24

Note: Students may not use courses in foreign language toward the Fine Arts or Humanities requirement, as those courses will count toward the Supporting Courses Foreign Language requirement.

1 These courses require additional prerequisite not included in the program.

The Cyber Policy and Ethics program requires students to complete foreign language(s) beyond the 121-level required by the College of Arts and Sciences. Students may meet this requirement in two ways:

- One language completed through 6 hours at the 300 level, or
- Two languages distributed as follows:
  - Carolina Core GFL language continued through 6 hours at the 200 level, and a
  - Second language completed through the 122 level, which may require from 6 to 9 hours, depending on whether the language begins with 109 or 121.

Note: The number of hours that students must take to fulfill this requirement will depend upon their proficiency in the language, e.g. students who test into 300-level of a language would not need to take the 200-level prerequisites and would only need 6 hours to meet this requirement. Additionally, should students choose to add a foreign language minor or foreign language as a second major and successfully complete course requirements, then this will satisfy the foreign language requirement for the Cyber Policy and Ethics major. This requirement may be satisfied through foreign language placement tests.

Cognate or Minor (0-18 hours) Optional

This major does not require a cognate or minor.

An optional minor may be added to a student’s program of study. A minor is intended to develop a coherent basic preparation in a second area of study. Courses applied toward general education requirements cannot be counted toward the minor. No course may satisfy both major and minor requirements. All minor courses must be passed with a grade of C or higher. At least half of the courses in the minor must be completed in residence at the University. A list of minor programs of study can be found at Programs A-Z. An optional additional major may also be added to a student’s program of study.

Additional majors must include all major courses as well as any prescribed courses noted (*) in the bulletin. Prescribed courses noted in the bulletin may be shared with Carolina Core, College requirements, and Program requirements in the primary program.

A list of minor programs of study can be found at Programs A-Z (https://academicbulletins.sc.edu/undergraduate/programs-az/).
Electives (0-28 hours)
120 (or 128) degree applicable credits are required to complete any degree at USC. After the cognate, minor or second major is complete, any additional credits needed to reach 120 (or 128) total credits can be fulfilled by electives. No courses of a remedial, developmental, skill-acquiring, or vocational nature may apply as credit toward degrees in the College of Arts and Sciences. The College of Arts and Sciences allows the use of the Pass-Fail option on elective courses. Further clarification on inapplicable courses can be obtained from the College of Arts and Sciences.

4. Major Requirements (36 hours)
Must be passed with a grade of C or higher.

No more than 9 credit hours at the 200-level may be taken for credit towards the major requirements.

Selection of major courses must include at least one Carolina Core Integrative course: CYBR 399, CYBR 498, CYBR 499, POLI 315, POLI 451, PSYC 430 or PSYC 440.

### Major Map
A major map is a layout of required courses in a given program of study, including critical courses and suggested course sequences to ensure a clear path to graduation.

Major maps are only a suggested or recommended sequence of courses required in a program of study. Please contact your academic advisor for assistance in the application of specific coursework to a program of study and course selection and planning for upcoming semesters.
