

ENVIRONMENTAL STUDIES MINOR

Minor Requirements (18 hours)

The School of the Earth Ocean & Environment offers a flexible Environmental Studies minor that requires 18 credit hours chosen from environmental studies and environmental science classes.

At least 12 credit hours must have ENVR designators. The remaining credit hours may be chosen from the list of courses in the major credit list for environmental studies. Students may not apply more than 8 credit hours from ENVR 101, ENVR 101L, ENVR 200, ENVR 201, and ENVR 202. ENVR 480 cannot be used for credit in the minor.

Note: Courses used to satisfy Carolina Core requirements may not also be used to fulfill minor requirements.
