

AFRICAN AMERICAN STUDIES, B.A.

Our program investigates Black experiences in an interdisciplinary field that examines the history, culture, beliefs and actions of people of African descent in the United States and across the world.

A Bachelor of Arts in African American Studies provides students skills to work collaboratively in various career fields, from education and criminal justice to law or journalism.

Students learn to apply awareness and empathy to solve challenging problems, develop oral and written communication skills, explore the multi-dimensional experiences of people of color in local and global contexts, conduct research, take courses across diverse departments and work with an engaged, award-winning faculty. Our program allows students to build a unique course of study with abundant opportunities for learning and service.

Learning Outcomes

1. Majors will learn the importance of the principal movements, pivotal figures, and conceptual ideas that shape the academic study of African American experiences. Students will acquire the tools for contextualizing the dynamic realities of race in America and for analyzing their social, political, and cultural implications.
2. Majors will work across academic disciplines in the humanities and social sciences to synthesize the multiple roots and routes of intellectual inquiry within African American Studies. Students will interpret primary and secondary source material using both individual and collaborative methods of study.
3. Students will develop as scholars and researchers in African American Studies through effective oral, written, and aesthetic forms of communication. Assignments will emphasize the tasks of rigorous scholarship, including: critical thinking, creative expression, precise writing, constructive discussions, and standards of professional engagement.

3. Program Requirements (28-43 hours)

Cognate or Minor (12-18 hours)

Students must complete a cognate (12 hours) or a minor as part of this program. In lieu of a cognate or minor, an additional major may be added to a student's program of study. **Additional majors must include all major courses as well as any prescribed courses noted (*) in the bulletin.**

Prescribed courses noted in the bulletin may be shared with Carolina Core, College requirements, and Program requirements in the primary program.

Cognate (12 hours)

The cognate must consist of twelve (12) hours of courses at the advanced level, outside of but related to the major. The cognate may be taken in one or more departments or programs.

Courses offered by departments and programs that are acceptable for cognate credit are outlined in the section titled Courses Acceptable for Cognate Credit in Degree Programs in the College of Arts and Sciences (<https://academicbulletins.sc.edu/undergraduate/arts-sciences/courses-acceptable-cognate/>). Some major programs have specific cognate requirements. It should be emphasized that the cognate is not a second set of elective courses to be chosen at random by the student. Students are urged to consult their major advisors for specific requirements in their major.

For Bachelor of Arts degrees, all cognate courses must be passed with a grade of C or higher.

Minor (18 hours)

In place of the cognate a student in the College of Arts and Sciences may choose a minor consisting of at least 18 credit hours of prescribed courses.

The minor is intended to develop a coherent basic preparation in a second area of study. It differs from the cognate inasmuch as the courses must follow a structured sequence.

Courses applied toward general education requirements cannot be counted toward the minor. No course may satisfy both major and minor requirements. All minor courses must be passed with a grade of C or higher. At least half of the courses in the minor must be completed in residence at the University.

A list of minor programs of study can be found at Programs A-Z (<https://academicbulletins.sc.edu/undergraduate/programs-az/>).

Electives (10-31 hours)

120 (or 128) degree applicable credits are required to complete any degree at UofSC. After the cognate, minor or second major is complete, any additional credits needed to reach 120 (or 128) total credits can

be fulfilled by electives. No courses of a remedial, developmental, skill-acquiring, or vocational nature may apply as credit toward degrees in the College of Arts and Sciences. The College of Arts and Sciences allows the use of the Pass-Fail option on elective courses. Further clarification on inapplicable courses can be obtained from the College of Arts and Sciences.
