

# GERMAN STUDIES MINOR

---

In today's interconnected world, the German Studies Minor offers students from *any major* a powerful way to expand their global perspective. With a flexible, interdisciplinary structure that includes both German-language courses and English-taught classes on German history, film, literature, and culture, this minor fits seamlessly alongside any field of study.

Whether you're pursuing business, healthcare, STEM, arts, education, or public policy, understanding the values, ideas, and cultural dynamics of the German-speaking world enhances your ability to think critically, communicate across cultures, and engage with global challenges. No matter your major, adding German Studies helps you stand out as a globally aware, intellectually agile graduate ready to lead in a multicultural world.
