PHILOSOPHY, B.A.

Every field and career path needs people who can think logically and communicate effectively. Students majoring in philosophy learn how to examine complex problems, analyze internal logic, question assumptions, understand other points of view, and find unique and creative solutions. Graduates with these skills are sought after in fields like law, medicine and business, as well as the arts, humanities, history and social sciences.

Our department offers the Bachelor of Arts degree in philosophy with an optional undergraduate research track leading to a Bachelor of Arts with Distinction and an optional major concentration in Society, Ethics, and Law. Students in the major may also pursue the Bachelor of Arts degree with Leadership Distinction, which offers several paths for engagement beyond the classroom, such as advocacy, professional and civic engagement, internships and research opportunities.

Philosophy majors, on average, outperform other majors on the GRE, LSAT and GMAT, making it a great primary or secondary major for those pursuing a graduate or professional degree. Philosophy majors also lead the way in the pursuit of advanced degrees such as medical school, law school and business school as well as Ph.D. and master’s degrees.

Learning Outcomes
1. Students will demonstrate knowledge of the history and most important disciplines of philosophy.
2. Students will read philosophical texts knowledgeably and critically.
3. Students will recognize philosophical questions and grasp philosophical arguments.
4. Students will engage in philosophical discussion and will be capable of presenting philosophical ideas in class.
5. Students will write philosophical papers that require research, interpretation and argument.

- If the Carolina Core GHS requirement is fulfilled by a non-U.S. history course, the College of Arts and Sciences history requirement must be fulfilled by a U.S. history course.

Please select the College of Arts and Sciences history requirement from the approved list of U.S. and non-U.S. history courses (https://academicbulletins.sc.edu/undergraduate/arts-sciences/history-requirement/).

Social Science and Fine Arts or Humanities (12 hours)
- Social Science (3 hours)

- Fine Arts/Humanities (9 Hours)
  - A Bachelor of Arts from the College of Arts and Sciences requires three 3-hour Fine Arts/Humanities Courses (https://academicbulletins.sc.edu/undergraduate/arts-sciences/courses-acceptable-fine-arts-humanities/)

3. Program Requirements (34-49 hours)
Cognate or Minor (12-18 hours)
Students must complete a cognate (12 hours) or a minor as part of this program. In lieu of a cognate or minor, an additional major may be added to a student’s program of study. Additional majors must include all major courses as well as any prescribed courses noted (*) in the bulletin. Prescribed courses noted in the bulletin may be shared with Carolina Core, College requirements, and Program requirements in the primary program.

Cognate (12 hours)
The cognate must consist of twelve (12) hours of courses at the advanced level, outside of but related to the major. The cognate may be taken in one or more departments or programs.

Courses offered by departments and programs that are acceptable for cognate credit are outlined in the section titled Courses Acceptable for Cognate Credit in Degree Programs in the College of Arts and Sciences (https://academicbulletins.sc.edu/undergraduate/arts-sciences/courses-acceptable-cognate/). Some major programs have specific cognate requirements. It should be emphasized that the cognate is not a second set of elective courses to be chosen at random by the student. Students are urged to consult their major advisors for specific requirements in their major.

For Bachelor of Arts degrees, all cognate courses must be passed with a grade of C or higher.

Minor (18 hours)
In place of the cognate a student in the College of Arts and Sciences may choose a minor consisting of at least 18 credit hours of prescribed courses.

The minor is intended to develop a coherent basic preparation in a second area of study. It differs from the cognate inasmuch as the courses must follow a structured sequence.

Courses applied toward general education requirements cannot be counted toward the minor. No course may satisfy both major and minor requirements. All minor courses must be passed with a grade of C or higher. At least half of the courses in the minor must be completed in residence at the University.

A list of minor programs of study can be found at Programs A-Z (https://academicbulletins.sc.edu/undergraduate/programs-az/).

Electives (16-37 hours)
120 (or 128) degree applicable credits are required to complete any degree at USC. After the cognate, minor or second major is complete, any additional credits needed to reach 120 (or 128) total credits can
be fulfilled by electives. No courses of a remedial, developmental, skill-acquiring, or vocational nature may apply as credit toward degrees in the College of Arts and Sciences. The College of Arts and Sciences allows the use of the Pass-Fail option on elective courses. Further clarification on inapplicable courses can be obtained from the College of Arts and Sciences.

Note: 13-34 hours of electives will be needed to reach hours to graduate and Program Requirements will range from 31-46 hours, if completing the B.A. with Distinction in Philosophy.

4. Major Requirements (24 hours)

A minimum grade of C is required in all major courses.
