Admissions

Entrance Requirements
In addition to the academic admission requirements of the Moore School of Business stated below, a limit on admission to the program may be imposed. An enrollment limit would become necessary if enrollment levels exceed school staffing capabilities and resources. The Undergraduate Admissions Committee, in consultation with the dean of the school, shall be responsible for adjusting undergraduate enrollment levels to ensure the quality of the undergraduate program. A student who meets admissions criteria will be favorably considered, but because of space limitations admission cannot be guaranteed. Once minimum criteria are met, all qualified applicants are placed into an admissions group and are ranked by academic credentials. Based on the number of available seats, students are admitted in ranked order until capacity is reached. The Moore School only considers new applicants for Fall Term admission.

Freshmen entering the USC Columbia Pre-Business division of the Moore School of Business must meet the campus requirements for admission. Freshmen applicants will only be considered for Fall Term admission.

Students from other USC campuses who have no work from colleges outside of USC must have a minimum cumulative institution GPA of 3.25, must have taken at least 15 USC credit hours, and have completed calculus with a minimum grade of C. Additionally, those students who have fewer than 30 semester hours from colleges outside USC must also meet Columbia campus freshman admission requirements. Change of campus applicants will only be considered for Fall Term admission.

Students enrolled in other colleges on the Columbia campus must have a minimum cumulative institution GPA of 3.25, must have at least 15 USC credit hours, and have completed calculus with a minimum grade of C. Additionally, those students who have fewer than 30 semester hours from colleges outside USC must also meet Columbia campus freshman admission requirements. Change of campus applicants will only be considered for Fall Term admission.

Transfer students from other institutions must present a minimum cumulative GPA of 3.25 on all college work taken and have completed calculus with a minimum grade of C. Students who have taken fewer than 30 semester hours of college work must also meet Columbia campus freshman admission requirements. External transfers will only be considered for Fall Term admission.

Total Credit Hours 40

3. Program Requirements (0-24 hours*)

*Students who are not native speakers in approved languages and exempt from the 12-hour foreign language requirement will have a range of 12-24 hours of Program Requirements.

Supporting Courses (0-12 hours)

Foreign Language (0-12 hours)
The International Business major requires at least four advanced language-based courses numbered 300 and above in one foreign language. Students in specific concentrations must meet experiential language program participation requirements that do not necessarily equate to specific hours, credits, or course levels. Students may fulfill minor or cognate requirements through completion of the foreign language requirement.

Note: Native speakers in approved languages may seek approval for this requirement to be waived.

Minor or Cognate (12-18 hours) optional

Minors (non-business) may be selected from a University-wide list of approved minors. The minor is normally a minimum of 18 hours of prescribed courses in one subject area. Minors are recognized on the transcript.

Cognates which consist of 4 related courses in a specific field. The cognate is intended to support the course work in the major. The cognate must consist of twelve (12) hours of courses at the advanced level, outside of but related to the major. Cognates do not earn an additional designation on the transcript.

Electives (0-24 hours)
The number of elective hours required depends upon the number of hours used to fulfill other degree requirements, including the optional minor or cognate. Minimum degree requirements must equal 122 hours. Selecting to pursue a minor or cognate, multiple business majors or the business analytics concentration may be used to reduce the total number of electives hours. No courses of a remedial, developmental, skill-acquiring, or vocational nature may apply as credit toward degrees in the Darla Moore School of Business.

Options to meet this requirement may include:

• Pre-Professional coursework can be applied for students seeking admission to a professional degree program after graduation.
• A maximum of 4 courses towards completion of an accelerated master’s program if not counted elsewhere in the degree.
• Directed Electives: Students may select courses of interest with their advisor. Students are strongly encouraged to take a business section of UNIV 101. All directed coursework electives must be passed with a grade of C or better. Directed coursework may not include coursework in PEDU or MATH/STAT below the Moore School minimum requirements (ex. MATH 111 or STAT 110) or 1 credit performance classes.

4. Major Requirements (27-39 hours)

Students majoring in International Business are required to study outside the United States for a period of one semester, normally the spring semester of the academic year after which IBUS 310 is taken,
at an approved institution. Exceptions to this requirement will be
granted in cases of hardship. Students in regional cohort tracks meet
the overseas study requirement at the cohort partner institution. The
curriculum of the International Business major satisfies the Moore School
internationalization requirement.

A minimum grade of C is required in all major courses.
