

# EARLY CHILDHOOD EDUCATION, B.A.

---

This program is designed for undergraduate students at the University of South Carolina who are interested in a career as an early childhood teacher, serving children birth through age 8. Students who successfully complete the degree and licensure requirements and have a positive recommendation by the faculty will be recommended for teacher certification for prekindergarten through grade 3.

## Learning Outcome

Students who graduate with a B.A. in Early Childhood Education should be able to ...

- Effectively measure candidate performance and program effectiveness using methods that align with the Specialized Professional Association (SPA) or College of Education standards.
