

EARLY CHILDHOOD EDUCATION, B.A.

This program is designed for undergraduate students at the University of South Carolina who are interested in a career as an early childhood teacher, serving children birth through age 8. Students who successfully complete the degree and licensure requirements and have a positive recommendation by the faculty will be recommended for teacher certification for prekindergarten through grade 3.

Learning Outcomes

1. Students who graduate with a B.A. in Early Childhood Education should be able to ...
2. Effectively measure candidate performance and program effectiveness using methods that align with the Specialized Professional Association (SPA) or College of Education standards.
