ARTIFICIAL INTELLIGENCE LITERACY, CERTIFICATE

This certificate requires a minimum of 12 hours and must be earned in concurrence with an undergraduate degree program. A student may only be awarded the certificate in the same semester the student is awarded an undergraduate degree from the University of South Carolina. At least 50% of a student's undergraduate certificate coursework must be completed at the University of South Carolina and all coursework that applies to the certificate must be earned with a grade of C or better.

Learning Outcomes

1. Explain key Artificial Intelligence algorithms, techniques, and applications.
2. Recognize ethical implications of Artificial Intelligence development and deployment.
