Progression into upper division nursing for pre-licensure students occurs
in the summer and fall. Students should be prepared to start upper
division in a summer term. There is no guarantee that students will get
placed in their term of preference. In addition, students are encouraged
to look into their financial aid/scholarship/funding sources in preparation
for their upper division start. Fifty percent of admitted students will
be placed into the summer cohort. Fifty percent of admitted students
will be placed into the fall cohort. Once selection has been made there
will be no changes to the cohorts. GPA standing does not guarantee
placement in your term of preference. Students who wish to apply
to upper division nursing must have a completed parallel plan on file
with their nursing advisor and submit a completed College of Nursing
Progression Application by the stated fall application process for the
following summer or fall semester in which registration is desired. In
addition, students must also complete an interview/essay as part of their
application. Progression is competitive, based on progression GPA and
interview/essay. Progression to upper division is limited to a set number
of qualified students based on available clinical faculty and placement
sites. Factors considered in the progression decision include:
1. A minimum institutional grade point average of 3.000 or better.
2. A grade of C or better in all required courses in the nursing program.
3. Progression GPA which includes grades on all attempts of designated
courses listed on the BSN major map.
4. Interview and/or essay evaluation.

Note: all applicants will complete the same evaluation metrics.

Students must have a completed application on file, provide evidence
of successful completion of remaining lower division coursework, be
admitted to the upper division, have completed all required clinical
healthcare information, and confirmed acceptance of their seat prior to
registering for their first upper division nursing courses (300 level).

A minimum grade of C is required in each nursing course. Only one upper
division nursing course may be repeated once to earn a grade of C or
better to remain eligible for the nursing major. All students must maintain
a minimum 3.000 institutional GPA in order to maintain good standing in
the nursing program. Grades are reviewed at the end of each semester.
Students who have less than a 3.000 institutional GPA in all coursework
are placed on probation within the college for one semester but may
continue to take all required courses. If at the end of the probationary
semester their institutional GPA is still less than 3.000, students are
administratively removed from the nursing major.

All students must achieve satisfactory performance on selected
comprehensive achievement tests to progress through the upper division.

Smart Start Nursing Program students should see previous section for
progression requirements.

Learning Outcomes
1. Provide evidence-based, culturally sensitive, clinically competent care
across the continuum of care.
2. Use information and health care technologies to assist in making
clinical judgments using reflection, critical thinking, and problem-
solving skills for effective health care delivery.
3. Exhibit professional behavior while working as a member of an
interprofessional healthcare team and in all other settings.
4. Perform the professional roles of care provider, care coordinator,
leader, member of a profession, and life-long learner.

Admissions

Entrance Requirements
BSN Program (Pre-Licensure)
Lower Division
In order to be admitted into the College of Nursing, freshmen must
meet all University and College of Nursing admission requirements.
Acceptance into the University with a lower division classification does

Overview
The baccalaureate curriculum provides for eight semesters of study in
general education and professional nursing. Upon admission, students
are assigned an advisor to guide planning throughout the program.
Students should obtain guidance in the selection of courses as early as
possible.

Computer skills are required throughout the curriculum. Skills required
for class assignments and clinical practice include: word processing,
computerized assisted instruction, e-mail, Web access, Internet
searches, database searches, computerized patient documentation, and
computerized medical equipment.

The upper division focuses on clinical practice and requires full-time
study. Clinical practice is supported by concurrent classroom study.
Students practice in a variety of settings such as hospitals, extended-
care facilities, nursing homes, clinics, schools, and other community
agencies.

The Bachelor of Science in Nursing degree requires a minimum of
120 hours. These credits are distributed between general education
requirements and electives, and professional nursing requirements.
All lower division requirements must be completed before progressing
to upper division courses. Upper division courses must be taken in
sequence as outlined in the Undergraduate Student Handbook.

Progression Requirements
Lower Division
All students in the lower division in the baccalaureate program are
subject to the following regulations:

1. Students must maintain a minimum 3.000 institutional GPA in
order to maintain good standing in the nursing program. Grades are
reviewed at the end of each semester. Students who have less than
a 3.000 institutional GPA are placed on probation within the college
for one major semester or 12 credit hours but may continue to take
all required courses. If at the end of the probationary semester their
institutional GPA is still less than 3.000, students must change their
major before the next semester and will not be advised by the College
of Nursing. Students must contact the University Advising Center.
2. All incomplete grades posted on the transcript must be removed
before progression into the upper division can be considered.
3. Students must earn a minimum grade of C in all required courses in
the nursing program. Only one below C grade is allowed in a required
science or nursing (NURS) course to remain eligible for the nursing
major. Any science course that needs to be repeated must be taken
within the USC System. All nursing courses that need to be repeated
must be taken at USC Columbia.

Upper Division
Progression into upper division nursing for pre-licensure students occurs
in the summer and fall. Students should be prepared to start upper
division in a summer term. There is no guarantee that students will get
placed in their term of preference. In addition, students are encouraged
to look into their financial aid/scholarship/funding sources in preparation
for their upper division start. Fifty percent of admitted students will
be placed into the summer cohort. Fifty percent of admitted students
will be placed into the fall cohort. Once selection has been made there
not guarantee progression into the upper division nursing major. Students who consider studying nursing at Carolina need to be aware that all USC undergraduates who seek a nursing degree are first admitted into the College of Nursing’s pre-nursing lower division. This does not guarantee later admission into the upper division.¹ Students enrolled in the lower division must meet minimum upper division admission standards set forth by the College of Nursing. Once minimum criteria are met, all qualified applicants are placed into an applicant group and are evaluated, using the same criteria, by their progression grade point averages and essay and/or interview criterion for a total evaluation metric. Based on the number of available seats and available clinical sites, students are admitted based on results of the total evaluation metrics. In recent years admission to the upper division has become highly competitive as demand for the program of study has increased and therefore, the average evaluation metrics will change from cohort to cohort.

To be considered for admission into pre-nursing lower division of the BSN in Nursing generic (pre-licensure) program, transfer students must have a minimum 3.400 overall GPA in their college level coursework. In addition, any below C grades in nursing or science courses will eliminate you from consideration. See major specific transfer information on the admissions website.

NURS courses will not be accepted for transfer to the BSN in Nursing generic (pre-licensure).

To be eligible to apply for the upper division, transfer students must meet the College of Nursing requirements for progression through completion of the lower division science and nursing courses. All entering students are expected to have basic computer skills.

Effective Fall 2020 and After:
• Prerequisite BSN science courses must be completed within 7 years of starting upper division coursework, or 8 years if have continuous fall/spring higher education enrollment. Every attempt at science courses within the last 7 years will be included in progression GPA calculation, or 8 years if have continuous fall/spring higher education enrollment.
• Once a student has begun upper division coursework, they must complete the BSN degree within 5 years.
• Every attempt at science courses within the last 7 years will be included in the progression GPA calculation.

Smart Start Program
¹Students entering the university and meeting South Carolina Honors College (SCHC) admission criteria have a one-time opportunity, at the point of freshman admission only, to enroll in the Smart Start Nursing Program, a partnership between the College of Nursing and the South Carolina Honors College. Students admitted into Smart Start are directly admitted into Upper Division of the Nursing Program contingent upon meeting all SCHC and College of Nursing academic standards criteria and completion of all upper division application progression requirements.

Smart Start students who are not successful with meeting upper division application requirements will lose their direct admit status but will remain eligible for admission under the competitive upper division admissions process.

Degree Requirements (120 hours)
See College of Nursing (https://academicbulletins.sc.edu/undergraduate/nursing/) for progression requirements and other regulations.

Program of Study
all degree requirements must be passed with a grade of C or higher

Founding Documents Requirement
All undergraduate students must take a 3-credit course or its equivalent with a passing grade in the subject areas of History, Political Science, or African American Studies that covers the founding documents including the United State Constitution, the Declaration of Independence, the Emancipation Proclamation and one or more documents that are foundational to the African American Freedom struggle, and a minimum of five essays from the Federalist papers. This course may count as a requirement in any part of the program of study including the Carolina Core, the major, minor or cognate, or as a general elective. Courses that meet this requirement are listed here (https://academicbulletins.sc.edu/undergraduate/founding-document-courses/).

1. Carolina Core Requirements (31-37 hours)

CMW – Effective, Engaged, and Persuasive Communication: Written (6 hours)
• ENGL 101
• ENGL 102

ARP – Analytical Reasoning and Problem Solving (6 hours)
• STAT 205 and
• STAT 112, or CSCE 101 or CSCE 102

SCI – Scientific Literacy (7 hours)
• CHEM 102
• BIOL 206

Note: CHEM 102 is a pre-requisite course for nursing courses.

GFL – Global Citizenship and Multicultural Understanding: Foreign Language (0-6 hours)
Demonstrate proficiency in a foreign language by achieving a score of two or higher on the Foreign Language Placement Test or by completing one Foreign Language through 110 or 121.
• CC-GFL courses (https://academicbulletins.sc.edu/undergraduate/carolina-core-courses/)

GHS – Global Citizenship and Multicultural Understanding: Historical Thinking (3 hours)
• any CC-GHS course (https://academicbulletins.sc.edu/undergraduate/carolina-core-courses/)

GSS – Global Citizenship and Multicultural Understanding: Social Sciences (3 hours)
• PSYC 101
AIU – Aesthetic and Interpretive Understanding (3 hours)
• any CC-AIU course (https://academicbulletins.sc.edu/undergraduate/carolina-core-courses/)

CMS – Effective, Engaged, and Persuasive Communication: Spoken Component 1 (0-3 hours)
• PHIL 213

INF – Information Literacy 1 (0-3 hours)
• Fulfilled through STAT 112/ENGL 102, overlay courses with ARP/CMW

VSR – Values, Ethics, and Social Responsibility 1 (0-3 hours)
• Fulfilled through PHIL 213, an overlay course with CMS

1 Carolina Core Stand Alone or Overlay Eligible Requirements — Overlay-approved courses offer students the option of meeting two Carolina Core components in a single course. A maximum of two overlays is allowed. The total Carolina Core credit hours must add up to a minimum of 31 hours. Some programs may have a higher number of minimum Carolina Core hours due to specified requirements.

2. College Requirements (7 hours)
• BIOL 250 & BIOL 250L
• PSYC 420

3. Program Requirements (11-15 hours)
Supporting Courses (11 hours)

1 All lower division courses must be successfully completed before progression to the upper division.

Major Map
A major map is a layout of required courses in a given program of study, including critical courses and suggested course sequences to ensure a clear path to graduation.

Major maps are only a suggested or recommended sequence of courses required in a program of study. Please contact your academic advisor for assistance in the application of specific coursework to a program of study and course selection and planning for upcoming semesters.
