The sequencing of the required math and science courses is particularly important for ensuring that all prerequisites can be completed before entering the Pharm.D. program.

Admissions

In addition to the general requirements for admission to the University, all students admitted to the Pre-Pharmacy and/or professional pharmacy program must meet the following specialized requirements of the College of Pharmacy.

Pre-Pharmacy

Any entering freshman student who wishes to pursue a pharmacy degree and who fulfills general requirements for admission to the University will be accepted into the pharmaceutical sciences (pre-pharmacy) program of study. Pre-pharmacy students within the University will be advised by pre-pharmacy advisors.

Grade Requirement

All courses in the pre-pharmacy curriculum must be passed with a grade of C or better.

Academic Standing

All pre-pharmacy students are subject to the same regulations regarding scholastic deficiency and academic suspension as defined for undergraduate students by the University.

Other Regulations

Any student seeking an exception to the academic standards may petition the College of Pharmacy; a petition may be approved or denied based on the merits of the individual situation. Information on procedures may be obtained from the Office of the Dean.

Transfer Admission (Pre-Pharmacy)

1. Students enrolled in other colleges on the Columbia campus must have a minimum cumulative GPA of 3.00 and must have at least 12 USC credit hours.
2. Students from other USC campuses must have a cumulative GPA of 3.00 and must have taken at least 12 USC credit hours. Additionally, students from other USC campuses who have fewer than 30 semester hours must also meet Columbia campus freshman admission requirements.
3. Transfer students from other accredited institutions must present a minimum cumulative GPA of 3.00 on all college work taken. Students who have fewer than 30 semester hours of college work must also meet Columbia campus freshman admission requirements.

Degree Requirements (minimum 128 hours)

The Pre-Pharmacy work must total at least 66 hours.

Note: Students may substitute ECON 224 with ECON 221 or ECON 222.

Electives (0-3 hours)
An elective course will be needed if the Pre-Pharmacy hours total is less than 66.

4. Major Requirements (62 hours)

Professional Requirements
The final 62 credit hours required for the BS in Pharmaceutical Sciences degree are earned after admission to the USC College of Pharmacy and during the first two years of the professional Doctor of Pharmacy (PharmD) program.

Major Map
A major map is a layout of required courses in a given program of study, including critical courses and suggested course sequences to ensure a clear path to graduation.

Major maps are only a suggested or recommended sequence of courses required in a program of study. Please contact your academic advisor for assistance in the application of specific coursework to a program of study and course selection and planning for upcoming semesters.
