STUDENT LIFE

Overview
The purpose of the student services program at USC Union is to contribute to the total development of the student as an individual. This is accomplished through services and activities designed to supplement students’ academic programs, as well as to assist in their physical, emotional, and social growth.

A student is any person who is admitted, enrolled, or registered for study at the University of South Carolina for any academic period. Persons who are not officially enrolled for a particular term but who have a continuing student relationship with the University of South Carolina are considered students.

An orientation and preregistration program is conducted by the Admissions Office each summer for new freshmen and for transfer students. In addition, extended orientation is provided to new students throughout their first year through UNIV 101.

Academic advisement and placement testing are coordinated by the associate dean, with assistance from the Admissions Office. Each student is assigned an academic advisor upon enrolling. Advisors are faculty and staff members and administrators; they help students select courses which satisfy the requirements of their degree programs and empathetically assist students to resolve problems they experience during the course of their academic programs.

The University provides a balanced student-life program, which contributes significantly to students’ educational experiences. Students are encouraged to participate in a variety of extracurricular activities, which are designed to enhance their sense of community responsibility and their capacity for leadership.

Services for Students with Disabilities
Students with disabilities are assisted through the Disability Services Office, with the help of the Columbia Office of Educational Support Services. The professionally trained staff works toward accessibility for all University programs, services, and activities in compliance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act. Some of the services offered include orientation, priority registration, library access, test proctoring, classroom adaptations, and academic, personal, and vocational counseling.

Student Lounge/Bookstore
A comfortable lounge area is available for students to study, socialize, or eat. The facility includes snack and drink machines, dining tables, cable television, magazines, and sofas and chairs.

Adjacent to the lounge is the campus bookstore. Students may purchase course textbooks, some school supplies, and Carolina clothing and memorabilia. If the bookstore does not have an item, the staff will try to obtain it from another bookstore. Book buy-back is normally held at the end of each semester.

Student Identification Cards
USC Union students receive picture ID cards. The cards are made during registration periods and must be used for voting, admission to campus events, access to the library, and other programs. Students who lose their ID cards may lose some student privileges until a replacement is obtained. A fee is charged for replacement cards. Cards are revalidated each semester.

Student Organizations
Since it recognizes that extracurricular activities form an important part of the overall educational experience of students at the University, USC Union promotes and regulates the activities of student organizations. The institution provides the use of its name and physical facilities, contributes faculty time for advice and counsel, and encourages development of student government and organization.

A student organization is defined as any group or organization that admits USC Union students to its membership, whose program or activities affect student welfare, and that uses campus facilities in the operation of its program.

Student Government Association
The Student Government Association (SGA) is composed of all registered undergraduate students of the University of South Carolina. Upon payment of semester fees, students are automatically considered members of this organization. Student Government Association senators are elected by the student body and the president and vice-president are elected by the senators. The officers and senators comprise the governing council of the SGA.

The purpose of the SGA is to represent the student body both academically and socially. The SGA schedules and directs a wide variety of activities.

Campus Security
USC Union is committed to providing a safe environment in which students and faculty can interact and learn. The Director of Health and Safety answers directly to the Director of Operations and they (Health and Safety) work on rotating shifts. Any emergency and or crime should be directed first to the safety Director at the Security House called the Founders House located in the center of campus, then to the Dean’s Office. The Director of Operations and the Director of Health and Safety work on a 24/7 basis, your call will be answered. The dean or other designated official will then evaluate the situation and notify the city police or other emergency personnel as appropriate.

Security personnel provide security for the campus from 8:30 a.m. to 8:30 p.m. and are on call and make routine checks after hours and on the weekends. Local law enforcement officers are used during special events for further security when necessary. The security team also has an employee on campus until closing and all events that occur on the USC Union campus.

USC Union requires that all faculty, staff, and students have photo IDs when on campus. These IDs are checked, when necessary by campus personnel or by city police to be sure that authorized personnel are using campus facilities. Faculty, staff, and students are also required to have
vehicles registered and parking decals in place when on campus. Parking lots are regularly monitored for security purposes.

USC Union does not authorize off-campus activities by student organizations. All campus activities are supervised and monitored by campus officials, and local law enforcement is used for certain campus activities.

USC Union has established specific procedures to prevent sex offenses and to follow-up when any sex offense has occurred. The campus provides information on rape, date rape, and other sex offenses through the use of special programs, University 101 classes, and literature that is available to all students. In the event of a sexual assault on campus, those involved should inform the dean or security office. The victim will be assisted in reporting the incident to local law enforcement officials, will be required to preserve all evidence as proof of a criminal assault, and will be aided in further handling the situation in accordance with the disciplinary procedures published elsewhere in this bulletin. The victim will also be informed of opportunities for counseling and other services, both on campus and elsewhere in the community, and will be further informed of available options for changing academic and living situations after an alleged sexual assault if requested.

Student Rights and Freedoms

Preamble

Academic institutions exist for the transmission of knowledge, and the pursuit of truth, the development of students, and the general well-being of society. Free inquiry and free expression are indispensable to the attainment of these goals. As members of the academic community, students should be encouraged to develop the capacity for critical judgment and to engage in a sustained and independent search for truth.

Freedom to teach and freedom to learn are inseparable facets of academic freedom. The freedom to learn depends upon appropriate opportunities and conditions in the classroom, on the campus and in the larger community. Students should exercise their freedom with responsibility.

This responsibility to secure and to respect general conditions conducive to the freedom to learn is shared by all members of the academic community. The University has a duty to develop policies, and procedures should be developed within the framework of general standards with the broadest possible participation of the members of the academic community. The purpose of this statement is to enumerate the essential provisions for student freedom to learn.

Section I-Freedom of Access to Higher Education

Under no circumstances should a student be barred from admission on the basis of race, creed, or natural origin. Thus, within the limits of its facilities, the University should be open to all students who are qualified according to its admission standards.

Section II-In the Classroom

The professor in the classroom and in conference should encourage free discussion, inquiry, and expression. Student performance should be evaluated solely on an academic basis.

Students should be free to take reasoned exceptions to the data or views offered in any course of study and to reserve judgment about matters of opinion, but they are responsible for learning the content of any course of study in which they are enrolled.

Students should have protection through orderly procedures against prejudiced or capricious academic evaluation. At the same time, they are responsible for maintaining standards of academic performance established for each course in which they are enrolled.

Information about views, beliefs, and political associations which professors acquire in the course of their work as instructors, advisors, and counselors should be considered confidential.

Section III-Student Records

To minimize the risk of improper disclosure, academic and disciplinary records should be separate. Final transcripts or academic records should contain only information about academic status. Information from disciplinary files should not be available to any unauthorized persons. No permanent records should be kept which reflect the political activities or beliefs of students. Authorized counselors should not, without the consent of the student, disclose any information obtained while counseling any student unless failure to disclose the information may result in physical or emotional harm to the student or others.

Section IV-Student Affairs

In student affairs certain standards must be maintained if the academic freedom of students is to be preserved.

Students bring to the campus a variety of interests previously acquired and develop many new interests as members of the academic community. They should be free to organize and join associations to promote their common interests. Campus organizations, including those affiliated with an extramural organization, should be open to all students without respect to race, creed, or national origin.

Students and student organizations should be free to examine and to discuss all questions of interest to them and to express opinions publicly and privately. At the same time, it should be made clear that in their public expressions or demonstrations, students or organizations speak only for themselves. Students should be allowed to invite and to hear any person of their own choosing, subject to those routine procedures provided for off-campus speakers.

As constituents of the academic community, students should be free, individually and collectively, to express their views on issues of general interest to the student body. The student body should have clearly defined means to participate in the formulation and application of institutional policy affecting academic and student affairs.

Student publications and the student press are a valuable aid in establishing and maintaining an atmosphere of free and responsible discussion and of intellectual exploration on the campus. Institutional authorities have a responsibility to provide written clarification of the role of the student publications, of the standards to be used in their evaluation, and the limitations on external control of their operation. At the same time, the editorial freedom of student editors entails corollary responsibilities to be governed by the canons of responsible journalism.

Section V-Off-Campus Freedom of Students

University students are both citizens and members of the academic community. As citizens, students should enjoy the same freedom of speech, peaceful assembly, and right of petition that other citizens enjoy, and, as members of the academic community, they are subject to the obligations which accrue to them by virtue of this membership. Faculty members and administrative officials should ensure that institutional powers are not employed to inhibit such intellectual and personal
development of students as is often promoted by their exercise of the rights of citizenship both on and off campus.

Code of Student Conduct

Purpose
The purpose of the Code of Conduct is to articulate the university's authority to initiate disciplinary action against a student in accordance with procedure and due process protections. The Code of Conduct also identifies prohibited conduct and sanctions for violations of prohibited conduct.

Policy Statement
The University of South Carolina Union’s mission includes providing students with the knowledge, skills, and values necessary for success and responsible citizenship in a complex and changing world. The university's aspirational set of values that will guide student behavior are encompassed in the Carolinian Creed (https://sc.edu/about/offices_and_divisions/student_affairs/our_initiatives/involvement_and_leadership/carinilinan_creed/). Consistent with procedural and due process protections, however, this policy outlines specific prohibited conduct that can result in the disciplinary process being initiated with a student, group of students, or student organization.

1. Application and Jurisdiction
   a. The university may initiate disciplinary action for prohibited conduct that occurs on university property or within a university operated facility. The university may initiate disciplinary action for prohibited conduct that occurs while the student, students, or student organization is participating in off-campus activities sponsored by or affiliated with the university (including student organization functions, field trips, internships, rotations, and clinical assignments) or for any conduct that is deemed to potentially threaten the health/safety of the campus or disrupt the university learning environment no matter where such behavior may occur.
   b. University disciplinary action may be instituted against a student or student organization charged with conduct that potentially violates both criminal/civil law and university policy without regard to the pendency of civil or criminal litigation in court or arrest. The university’s disciplinary process may be initiated prior to, simultaneously with, or following criminal/civil proceedings off campus and any disciplinary sanctions reached under the university's process will not be re-evaluated based on the results of a criminal/civil proceeding. Students or student organization conduct proceedings and actions are not subject to challenge or postponement on the grounds that criminal or civil charges involving the same/similar incident have been dismissed, reduced, or are pending in criminal/civil court.
   c. University disciplinary action occurring under the Code of Conduct will be based on the preponderance of evidence standard.
   d. Students, guests of students, and student organizations remain subject to discipline for prohibited conduct that occurs while suspended from the university.
   e. Adjudication of any alleged violation of prohibited conduct will advance under established policies that are in effect on the day that the university receives notification of the alleged violation and not the date on which the purported infraction is noted to have occurred.
   f. Additional rules and regulations may be put in place during the year and will be updated to the university's website upon adoption.

2. Definitions
   a. Definition of a “Student” - For the purpose of this policy, a “student” is defined as any person who is admitted, enrolled or registered for study at the University of South Carolina for any academic period. Persons who are not officially enrolled for a particular term but who have a continuing student relationship with, or an educational interest in, the University of South Carolina are considered “students”. A person shall also be considered a student during any period that follows the end of either the Spring or Fall semester that the student has completed until the last day for registration for the next succeeding semester. A person shall also be considered a student during any period while the student is under suspension from the institution or when the person is attending or participating in any activity preparatory to the beginning of school including, but not limited to orientation, placement testing, and registration.
   b. Definition of a “Student Organization” – A student organization is any group that is officially registered (or is pending registration) with the Admissions Office for the current academic year. STAF 3.10 governs specific policies pertaining to the university recognition of student organizations as well as a number of specific regulations student organizations must follow. Student organizations accused of violating the regulations in STAF 3.10 or the Code of Conduct, will follow the same disciplinary procedures outlined in this policy (http://www.sc.edu/policies/ppm/staf310.pdf).

3. Authority
The Board of Trustees and the president of the University are ultimately responsible for governing the university. The USC Union student conduct system is administered by the Office of Academic and Student Affairs. This responsibility includes formulating and implementing policies and procedures, in cooperation with other appropriate University bodies, for the consideration of conduct violations and the imposition of sanctions in an efficient, consistent, fair, legal, and educationally meaningful manner.

The Student Government Association has an elected and representative voice within the student conduct system and has the right to comment on any proposed changes pertaining to the discipline of students.

Decisions of the Associate Dean for Academic and Student Affairs or designee or from a formal university conduct hearing may be appealed by a student/student organization found responsible for the infraction. Reasons for appeal are limited to the following: a procedural error in hearing the case which significantly prejudiced findings; or new evidence which could not have been available at the time of the hearing. An appeal must be made in writing to the Associate Dean of Academic and Student Affairs within 5 business days of receipt of the original written decision of the Office of Academic and Student Affairs. A decision is assumed to be received three university business days from the date of mailing.

4. Prohibited Conduct
This section establishes the rules and regulations all students and student organizations are expected to follow under the duty and corollary powers inherent in educational institutions. Institutions protect their educational purposes through the setting of standards of student
conduct and scholarship and through the regulation of the use of university facilities. Lack of familiarity with institutional rules and regulations is not an excuse for an infraction. Additional rules and regulations may be promulgated during the year and will be updated in this handbook. A link to this handbook may be found on the university’s website.

a. Compliance with General Laws and Arrests – Disciplinary action imposed by the university may precede and/or be in addition to any penalty imposed by an off-campus authority if a student engages in conduct that is determined by the institution to violate any provision of federal, state, or local laws.

1. Educational workshops: seminar-style educational session which may focus on alcohol, decision making, off-campus living, civility, etc. Workshops may include pretest and posttest.
2. Conduct probation: a period of review during which a student is on official notice that subsequent violations of the Code of Conduct are likely to result in more severe sanctions, including suspension.
3. Reflection papers: a written response to prompts with the goal of promoting student learning and reflection on their actions to determine what they have learned, how they impacted others, and how they may avoid future missteps. The topic and essay questions assignment will depend on the incident type.

Delayed suspension: a status used in situations where the conduct is severe enough to justify suspension but mitigating circumstances exist to permit the student an opportunity to correct behavior. During this period of time, students who fail to follow all requirements of their restrictions will almost always be immediately suspended. Like probation, delayed suspension is imposed for a certain period of time and may be contingent on completing additional requirements.

Procedural Standards in Disciplinary Proceedings

USC Policies and Procedures (STAF 6.26) [modified for USC Union]

It is USC-Union policy that disruptive behavior will not be tolerated in the classroom or other Campus areas. Such behavior may result in removal from the classroom or the premises by Security or other Staff or by the Police, depending on the severity of the incident. If a student is asked to leave or forcibly removed from class or campus, the student will not be allowed to return without permission from the Dean or the Dean’s Designee.

The formality of the procedure to which a student is entitled in disciplinary cases should be proportionate to the gravity of the offense and the sanctions which may be imposed. Matters involving minor infractions of the Code of Student Conduct where suspension is not contemplated may be handled by the administration in an informal manner. Where misconduct may result in suspension, the student has the right to a hearing before an appropriate disciplinary panel. Pending action on the charges, the status of the student should not be altered, or his or her right to be present on the campus and to attend classes suspended except where the administration determines such action is necessary.

Students detected or arrested for allegedly committing violations of the Code of Student Conduct, or infractions of statutory law, should be informed of their University rights. No form of harassment should be used by University representatives to coerce the admission of guilt. Where a breach of the Code of Conduct may result in suspension, the student has the right to a hearing before the USC Union Student Affairs Committee comprised of both faculty members and student members. The faculty members are elected each year by the Faculty Organization.

1. Rules Governing Formal Hearings

• When a student/staff organization representative chooses an option of a formal administrative hearing, or when a case is referred to a council for hearing, the Office of Academic and Student Affairs shall set a date and place for a hearing and notify those charged, the panel and relevant witnesses and participants as to the scheduling of the hearing.
• The USC Union Student Affairs Committee, which consists of the SGA president, SGA Vice-President, and the SGA Secretary-Treasurer, and USC Union faculty representatives, in conjunction with the Associate Dean for Academic and Student Affairs and the Director of Campus Security shall serve as the hearing panel and are administratively appointed and serve a one-year term. The Student Affairs Committee is charged with hearing and reviewing cases involving USC Union students charged with violations of the Student Code of Conduct and will impose sanctions based on USC and USC Union policies and procedures.
• Hearings shall be considered closed and confidential. All statements, information, or comments given during hearings shall be held in strictest confidence by Hearing Officers/Council Members, University staff, witnesses, advisors, and observers before, during, and after deliberation in keeping with relevant law and policy. Video, audio, stenographic, or photographic recording of hearing proceedings are prohibited, except as authorized by University policy.
• If any material facts are in dispute, testimony of witnesses and other evidence shall be heard.
• A party charged with a violation is responsible for presenting his/ her own case. Advisors are not permitted to speak or to participate directly in any hearing.
• The Associate Dean for Academic and Student Affairs will exercise control over the hearing to avoid needless consumption of time through repetition of information and/or prevent the harassment or intimidation of participants. Any member of the hearing Council may require the Council to go into private session to discuss and decide a matter by majority vote. The Chair can recess the hearing at any time. The Chair of the Student Affairs Committee shall insure that all procedures are appropriately followed.
• The party(ies) charged with a violation(s) and the Student Affairs Committee members shall have the right, within reasonable time limits set by the Chair, to present questions for witnesses who testify orally. The Chair of the Student Affairs Committee, subject to provisions in the Student Code of Conduct, may require that questions by the charged party(ies) be addressed to the Chair of the Student Affairs Committee who can ask these questions of the witnesses.
• All hearings shall be conducted in an informal manner and technical rules of evidence will not be applied. Witnesses (except for the charged party or parties) shall be present during a hearing only during the time they are testifying.
The Student Affairs Committee, or the Chair of the Student Affairs Committee, may proceed independently to secure evidence for the hearing. The charged party(ies) shall have access to any evidence at least three (3) days before the hearing, unless exigent circumstances preclude this possibility. The charged party(ies) shall have reasonable time to respond to it.

If the charged student/student organization representative chooses not to attend the formal hearing, the Chair of the Student Affairs Committee may proceed with the hearing and reach decisions and impose sanctions without the student's/representative's participation.

A tape recording of the hearing shall be kept by the Office of Academic and Student Affairs until any appeal or any external judicial review has been concluded, or ninety (90) days from the date of the hearing, whichever is longer. No typed record shall be required.

The charged party(ies) and advisor shall have the right, upon request, to listen to the recording in the presence of a staff member from the Office of Academic and Student Affairs.

The charged student or student organization representative may request a duplicate copy of the recording at his/her/its own expense within a period of ninety (90) days from the date of the hearing.

2. Deliberation and Decisions of the Student Affairs Committee

After hearing the evidence, the Student Affairs Committee may choose to continue the hearing at a later date if additional evidence or witnesses is needed.

After all information has been presented and the charged party has made a final statement, the Student Affairs Committee shall meet in private to discuss the case, reach its decision, and if appropriate, determine a sanction. Decisions of the Student Affairs Committee must be by majority vote. If the student(s) is found responsible of violating the Student Code of Conduct, the Student Affairs Committee may hear any information concerning any past disciplinary record(s) of the student(s) or student organization(s) in determining appropriate sanction(s).

The Associate Dean for Academic and Student Affairs, or designee, shall be responsible for forwarding the written decision of the hearing authority to the charged party(ies). The letter from the hearing authority shall consist of:

- Findings of the hearing authority and the rationale for the findings;
- Sanction(s); and
- Statement regarding the right to appeal procedures.

3. Appeals – Office of the Dean

Decisions of the Associate Dean for Academic and Student Affairs or designee, or from a formal University hearing, may be appealed to the Dean of the Campus by a student found guilty of violating the Code. The reasons for an appeal are limited to the following:

- The Associate Dean or Student Affairs Committee committed a procedural error in hearing the case which significantly prejudiced the findings; or,
- New evidence, which could not have been available at the time of the hearing, and which is material to the outcome of the case, is available.

An appeal to the Dean of the Campus must be made in writing within five (5) University business days of receipt of the original written decision. A decision is assumed to be received three (3) University business days from the date of mailing. On appeal the Dean or designee shall review the appeal.

After review, the Dean or designee may either:

- Affirm the finding(s) of the Student Affairs Committee, in which case the decision is final;
- Remand the case to the Student Affairs Committee, in which case the decision is final; or
- May remand the case to the Student Affairs Committee for further proceedings with directives to attend to procedural errors or new evidence.

4. In extraordinary circumstance, the Dean or designee may direct a new hearing before the Associate Dean for Academic and Student Affairs or the Student Affairs Committee. All deadlines expressed in any section are subject to change if exigent circumstances exist.

5. The Dean or designee shall send written notification regarding the appeal to the appealing party with fifteen (15) University business days of receiving the appeal barring special circumstances requiring an extension of this time limit. A copy of the decision will be sent to the Student Affairs Committee.

6. Decisions of the Dean may be appealed in writing within five (5) University business days to the Chancellor of Palmetto College. The decision of the Chancellor in all appellate matters is the final decision for the University. However, the President of the University has the discretionary authority to review decisions at the Chancellor level or below, and the Board of Trustees has the discretionary authority to review decisions of the President. Such review of disciplinary decisions will take place only in extraordinary cases, such as where serious procedural issues seem to have occurred or where the decision appears to be in direct violation of University policy.

7. Requests for such review normally will be considered only after the prescribed avenues of appeal have been completed. Requests shall be made in written statement that includes the facts of the case, the type of hearing and appeal and the reasons justifying extraordinary review. Such requests must be filed in the Office of the President within five (5) University business days of the receipt of the appeal decision. If review is granted, the reviewing authority will determine appropriate procedures. New evidence will not normally be considered.

V. Procedure for Handling Alleged Violations of the Code

A. Informal Procedure

• All alleged infractions of the Code of Student/Faculty Academic Integrity & Responsibility must be submitted online via the “Academic Integrity Incident Report” page on the USC Union website. This form is used to report potential academic integrity violations. This form will be shared with the Associate Dean for Academic and Student Affairs for record-keeping purposes. A redacted copy of this incident report will be shared with the student. Upon submission, the Associate Dean of Academic and Student Affairs will contact the instructor to discuss if the instructor would like to proceed informally or formally with this matter.

• Alleged infractions of the Code of Student/Faculty Academic Integrity & Responsibility may be handled informally through discussion of the matter with the student or faculty member involved.

• The Associate Dean for Academic and Student Affairs shall be requested to act as an intermediary in the informal discussion.

• By the accusing party if he/she wishes to bypass the above discussion.

• By either party if the discussion in A.1 is not resolved to the satisfaction of both parties.

• Time limits. The part of the informal procedure involving the Associate Dean for Academic and Student Affairs must be within seven (7) University business days of the discovery of the alleged violation.

B. Formal Procedure

• If informal discussions prove to be unsatisfactory, either party may request that the Associate Dean for Academic and Student Affairs begin formal proceedings to resolve the matter.

• The formal procedure is initiated when either party makes an official request to the Associate Dean for Academic and Student Affairs within five (5) University business days of the informal meeting. Student requests for the formal procedure must be made in writing and should outline the basic allegations being made. Faculty requests for the formal procedure must be made by completing a “Notice of Charges and Plea Response” form that can obtained from the Office of the Associate Dean for Academic and Student Affairs. Upon receipt of the “Notice of Charges and Plea Response” form, the student will have five (5) University business days to respond.

• Formal Hearings will be held before the USC Union Academic Affairs Committee. The Committee shall consist of three USC Union faculty representatives, one Freshman SGA member, and one sophomore SGA senator. Members will serve for a term of one academic year, including summer sessions. Members are appointed by the Faculty Organization.

Rules Governing Formal Hearings

• When a student chooses an option of a formal administrative hearing, or when a case is referred to a hearing, the Office of Academic and Student Affairs shall set a date and place for a hearing and notify those charged, the Academic Affairs Committee, and relevant participants as to the scheduling of the hearing.

• The Associate Dean for Academic and Student Affairs will provide the accusing party and the charged party with the names of the Academic Affairs Committee members. Each party will have the right to exclude any member of the Committee in the event of a conflict of interest. In such cases, the Associate Dean of Academic and Student Affairs will appoint an alternate member.

• The Academic Affairs Committee is charged with hearing and reviewing cases involving USC Union students charged with violations of the Code of Student/Faculty Academic Integrity & Responsibility and will recommend sanctions based on USC and USC Union policies and procedures.

• Hearings shall be considered closed and confidential. All statements, information, or comments given during hearings shall be held in strictest confidence by Committee members, University staff, witnesses, advisors, and observers before, during, and after deliberation in keeping with relevant law and policy. Video, audio, stenographic, or photographic recording of hearing proceedings are prohibited, except as authorized by University policy.

• If any material facts are in dispute, testimony of witnesses and other evidence shall be heard. Each party is responsible for securing the presence and participation of witnesses relevant to its case.

• A party charged with a violation is responsible for presenting his/her own case. Advisors are not permitted to speak or to participate directly in any hearing.

• Prior to the first convening of the hearing, the Academic Affairs Committee will select one member to serve as Chair for the hearing. Any member of the hearing Committee may require the Committee to go into private session to discuss and decide a matter by majority vote. The Chair can recess the hearing at any time.

• The party(ies) charged with a violation(s) and the Academic Affairs Committee members shall have the right, within reasonable time limits set by the Chair, to present questions for witnesses who testify orally. The Chair may require that questions by the charged party(ies) be addressed to Committee members who can ask these questions of the witnesses.
All hearings shall be conducted in an informal manner and technical rules of evidence will not be applied. Witnesses (except for the charged party or parties) shall be present during a hearing only during the time they are testifying.

If the charged student chooses not to attend the formal hearing, that student may be considered as having waived his/her right to represent themselves in the hearing, and the Committee may proceed with the hearing and reach decisions and impose sanctions without the student’s participation.

An audio recording of the hearing shall be kept by the Office of Academic & Student Affairs until any appeal has been concluded, or ninety (90) days from the date of the hearing, whichever is longer. No typed record shall be required. The charged party(ies) and advisor shall have the right, upon request, to listen to the recording in the presence of a staff member from the Office of Academic and Student Affairs. The charged student or student organization representative may request a duplicate copy of the recording at his/her/its own expense within a period of ninety (90) days from the date of the hearing.

Deliberation and Decisions of the Committee

After hearing the evidence, the Committee may choose to continue the hearing at a later date if additional evidence or witnesses are needed.

After all information has been presented and the charged party has made a final statement, the Committee shall meet in private to discuss the case, reach its decision, and if appropriate, recommend a sanction.

The Committee must render its decision within six hours of actual deliberation time, which may be spread over a period of one week, unless additional time is approved unanimously by the Committee.

Decisions must be by majority vote, with the Chair voting only in the event of a tie. If the student(s) is(are) found guilty of violating the Code of Faculty/Student Academic Integrity & Responsibility, the Committee may request any information concerning any past disciplinary record(s) of the student(s) in determining an appropriate sanction(s). The decision will result in a “hung” committee if no majority vote for either principal may be obtained within the time limits outlined above.

Within three days of reaching its decision, the hearing Chair will submit its written decision (and, if appropriate, recommendations for sanction) to the Associate Dean for Academic & Student Affairs.

Within 24 hours of receiving the Committee’s decision and recommendations, the Associate Dean for Academic & Student Affairs will send a written notification of the Committee’s decision to both principals and sanctions to the Dean of the Campus. The notice will include relevant information regarding the right to appeal and appeal procedures.

Recommendations for Sanctions

Each faculty member retains the right and authority to determine the appropriate “in class” sanction for students violating the Code of Faculty/Student Academic Integrity & Responsibility. In addition to any sanctions imposed by the professor, the Committee may recommend that the Associate Dean for Academic & Student Affairs impose the following disciplinary sanctions upon students found responsible for a violation of the Code of Faculty/Student Academic Integrity & Responsibility.

All sanctions may be imposed either singularly or in combination. The purposes of imposing sanctions are twofold: one, to protect the University community from behavior which is detrimental to the community and/or the educational mission of the University; and two, to assist students in identifying acceptable parameters and consequences of future behavior. The sanction(s) imposed is (are) intended to correspond with the severity or frequency of violations, as well as the student’s willingness to recommit himself or herself to good citizenship through behaviors that fall within the guidelines of the Carolinian Creed:

Educational Sanctions – Educational sanctions can include:

- A workshop reviewing ethical decision-making, integrity, and the Honor Code;
- A research project or essay;
- Consultations with the Writing Center or Student Success Center; or
- Additional sanctions may be imposed by the Office of Academic and Student Affairs or the Academic Affairs Committee.

Note: if the student does not complete the required educational sanction, the Associate Dean of Academic and Students will refer the charged party back to the Academic Affairs Committee to recommend further disciplinary action.

Expulsion: Dismissal from the University without the ability to apply for re-admittance.

Suspension: Denial of enrollment, attendance, and other privileges at the University for a specified period of time. Permission to apply for re-admission upon termination of the period may be granted with or without conditions or restrictions. Students may be required to complete a period of disciplinary probation upon their return to the University.

NOTE: Any student suspended or expelled for disciplinary reasons must vacate the campus within the period of time noted in the notice of suspension. The student may not return to campus or University property during the term of the suspension without prior written permission by the Associate Dean for Academic & Student Affairs or designee.

Conduct Probation: A period of review and observation during which a student is under an official warning that subsequent violations of University rules, regulations, or policies are likely to result in a more severe sanction including suspension or expulsion from the University. While on conduct probation, a student may be considered to be “not in good standing” and may face specific limitations on his or her behavior and/or University privileges (see Conditions/Restrictions).

Conditions/Restrictions: Limitations upon a student’s behavior and/or University privileges for a period of time, or an active obligation to complete a specified activity. This sanction may include, but is not limited to: restricted access to the campus or parts of campus, denial of the right to represent the University in any way, denial of parking privileges, required attendance at a workshop, or participation in public service.

Written Warning: An official reprimand that makes the misconduct a matter of record in University files. Any further misconduct could result in further disciplinary action.
Preface

The University of South Carolina Union is committed to a policy of treating all members of the University community fairly in regard to their personal and professional concerns. In order to ensure that students know what to do when they need to resolve a problem, this procedure is provided.

Grievance Policy

Purpose

The primary objective of the grievance procedure is to ensure that concerns are promptly dealt with and resolutions reached in a fair and just manner. It is essential that each student be given an adequate opportunity to bring complaints and problems to the University administration with assurance that each will be given fair treatment.

Definition

A grievance is defined as dissatisfaction occurring when a student thinks that any condition affecting him or her is unjust, inequitable, or creates unnecessary hardship. Such grievances include, but are not limited to, the following problems: mistreatment by any USC Union employee, wrongful assessment and processing of fees, records and registration errors, racial discrimination, sex discrimination, and handicapped discrimination, as they relate to nonacademic areas in the University.

One exception to this definition of grievance is that the procedures herein shall not extend to matters of grading student work where the substance of a complaint is simply the student’s disagreement with the mark or grade placed on the work. Such matters shall be discussed by the student and the teacher; final authority shall remain with the teacher.

Procedural Errors or New Evidence

In extraordinary circumstances, the Dean or designee may direct a new hearing before the Associate Dean or the Academic Affairs Committee. All deadlines expressed in any section are subject to change if exigent circumstances exist.

• Decisions of the Associate Dean for Academic & Student Affairs or designee, or from a formal University Hearing, may be appealed to the Dean of the Campus by a student found guilty of violating the Code. The reasons for an appeal are limited to the following: The Associate Dean or Academic Affairs Committee committed a procedural error in hearing the case which significantly prejudiced the findings; or, New evidence, which could not have been available at the time of the hearing, and which is material to the outcome of the case, is available.

• An appeal to the Dean of the Campus must be made in writing within five (5) University business days of receipt of the original written decision. A decision is assumed to be received three (3) University business days from the date of mailing. On appeal the Dean or designee shall review the appeal.

• After review, the Dean or designee may either: Affirm the finding(s) of the original hearing authority, in which case the decision is final; or Remand the case to the original hearing authority, in which case the decision is final; or May remand the case to the original hearing authority for further proceedings with directives to attend to procedural errors or new evidence.

• In extraordinary circumstances, the Dean or designee may direct a new hearing before the Associate Dean or the Academic Affairs Committee. All deadlines expressed in any section are subject to change if exigent circumstances exist.

• Decisions of the Dean may be appealed in writing within five (5) University business days of receiving the appeal barring special circumstances requiring an extension of this time limit. A copy of the decision will be sent to the original hearing authority.

• Decisions of the Chancellor or Academic Affairs Committee are final and shall be provided to the student in writing.

• Decisions of the Dean may be appealed in writing within five (5) University business days of the receipt of the appeal. A decision is assumed to be received five (5) University business days of receipt of the original written decision. A decision is assumed to be received three (3) University business days from the date of mailing. On appeal the Dean or designee shall review the appeal.

• Requests for such review normally will be considered only after the prescribed avenues of appeal have been completed. Requests shall be made by written statement that includes the facts of the case, the type of hearing and appeal and the reasons justifying extraordinary review. Such requests must be filed in the Office of the President within five (5) University business days of the receipt of the appeal decision. If review is granted, the reviewing authority will determine appropriate procedures. New evidence will not normally be considered.

Appeal to the Student Affairs Committee

If the grievance is unresolved, the student may bring the grievance before the Student Affairs Committee by presenting a written statement within five working days of the date of the supervisor's decision. This statement shall be forwarded to the dean in a sealed envelope and shall

1. state the grievance,
2. state why the response is unacceptable, and
3. request a hearing before a grievance panel.

Any related materials (including a copy of the grievance file and the written response from the supervisor) must accompany the letter. The dean shall immediately notify the chair of the Student Affairs Committee of the appeal.

Purpose

The primary objective of the grievance procedure is to ensure that concerns are promptly dealt with and resolutions reached in a fair and just manner. It is essential that each student be given an adequate opportunity to bring complaints and problems to the University administration with assurance that each will be given fair treatment.

Definition

A grievance is defined as dissatisfaction occurring when a student thinks that any condition affecting him or her is unjust, inequitable, or creates unnecessary hardship. Such grievances include, but are not limited to, the following problems: mistreatment by any USC Union employee, wrongful assessment and processing of fees, records and registration errors, racial discrimination, sex discrimination, and handicapped discrimination, as they relate to nonacademic areas in the University.

One exception to this definition of grievance is that the procedures herein shall not extend to matters of grading student work where the substance of a complaint is simply the student’s disagreement with the mark or grade placed on the work. Such matters shall be discussed by the student and the teacher; final authority shall remain with the teacher.

Procedure

Initiating a grievance. The initial phase of the student grievance procedure requires an oral discussion between the student and the person(s) alleged to have caused the grievance. This discussion must take place within 10 working days of the incident which constituted the grievance.

First appeal. If the student wishes to file a formal grievance, a written appeal must be prepared that includes the name, address, and phone number of the grievant; the name of the person against whom the grievance is being filed; the nature of the grievance; a description of the desired solution; a description of the actions taken by the grievant to date; and all pertinent written documentation. This file must be completed and presented to the immediate supervisor of the person alleged to have caused the grievance within five working days of the initial discussion referred to in the above paragraph.

The supervisor shall immediately acknowledge receipt of the grievance and shall begin an investigation of the incident at once. The supervisor shall respond in writing of the decision to the student (with a copy to the dean) within three working days of the conclusion of the investigation.

If the student feels the grievance has been resolved, the process is complete. If not, an appeal may be brought before the Student Affairs Committee.

Appeal to the Student Affairs Committee

If the grievance is unresolved, the student may bring the grievance before the Student Affairs Committee by presenting a written statement within five working days of the date of the supervisor's decision. This statement shall be forwarded to the dean in a sealed envelope and shall

1. state the grievance,
2. state why the response is unacceptable, and
3. request a hearing before a grievance panel.

Any related materials (including a copy of the grievance file and the written response from the supervisor) must accompany the letter. The dean shall immediately notify the chair of the Student Affairs Committee of the appeal.
Upon receipt of the appeal, the chair shall send a copy of the appeal to the members of the committee and the major parties involved. The major parties include the person(s) against whom the grievance was initiated, the supervisor of that individual(s), and the appropriate administrator. The chair of the committee shall ask the major parties to respond in writing to the appeal within five working days.

At the end of the five working day period, the chair shall meet with the Student Affairs Committee to examine the request for an appellate hearing and the replies. A hearing shall be granted if a majority of the quorum finds that grounds for the appeal have been substantiated. A tie vote shall result in a hearing being granted. The chair shall notify all involved parties of the decision of the committee to either hear or not hear the grievance.

The hearing shall be conducted no sooner than five working days after the decision to grant the request for the hearing and no later than 15 working days after the decision to grant the request for the hearing.

A postponement may be granted by the chair upon written request of either party. The request shall state why the postponement should be granted.

**Conduct of the Hearing**

The chair of the Student Affairs Committee shall open the hearing by reading the request for an appeal and informing the parties involved of the jurisdiction of the committee and its procedures. The chair shall ascertain that all the parties involved are aware of their rights, answer any questions they have in regard to these matters, and conduct the meeting.

All hearings shall be closed to the public, unless all parties agree that the hearing be opened to members of the USC Union community.

A tape recording shall be made of the proceedings.

All parties involved in a hearing shall maintain in the strictest confidence the identity of the individuals appearing before the committee, as well as the information presented to the committee.

Hearings shall be conducted in an informal manner. The taking of statements from the parties to the grievance (and from witnesses, if any) may be done by discussion format, though each individual appearing before the committee may be subject to cross-examination. Witnesses shall be present only during the time they are testifying. The major parties involved in the grievance shall be required to attend all hearings of the committee.

At the conclusion of the hearing, each party shall submit a proposed solution of the grievance to the committee.

After receiving the proposed solutions to the grievance, the chair shall dismiss all individuals who are not members of the Student Affairs Committee. The committee shall reach its decision based on the information presented during the hearing and according to the statement of student rights and responsibilities.

The committee shall decide by a majority vote the solution of the grievance. In the case of a tie, the chair shall vote and thus break the tie. The chair (or designee) shall forward a copy of the committee's decision to the major parties involved and to the dean within five working days of the conclusion of the hearing.

Decisions of the committee shall be final, subject to the student's right to appeal directly to the dean and to the vice provost for regional campuses.

The decision of the committee shall be kept on file in the dean's office.

**The Grievance Committee**

At USC Union, the Student Affairs Committee acts as the Grievance Committee and shall be composed of seven members as appointed by the faculty organization.

1. Composition: Two students, SGA president and vice president; two administrators; three faculty members.
2. Terms of office:
   a. All members shall serve for one calendar year.
   b. If vacancies occur, individuals appointed to fill the vacancies shall serve for the unexpired portions of the original appointees’ terms.
   c. If a member of the committee is involved in the grievance, the committee will elect a replacement for that particular grievance.
   d. All individuals may be appointed to additional terms. Appointments shall become effective on the first day of the fall semester.
